Dear Players, Coaches, Team Supporters and Fans,

First and foremost, congratulations on your team's success this season. Advancing to a National Championship is a goal that few teams accomplish and it is a tribute to your efforts that you have advanced to this National Championship and we commend you for your dedication and accomplishment. The Amateur Softball Association has a proud history and tradition unmatched by any softball association crowning National Champions. ASA takes great pride in being recognized as the National Governing Body of Softball in the United States by the United States Olympic Committee. Whether you are a player, coach, team supporter, or fan you are taking part in a true National Championship and you should take great pride in being a part of this prestigious event.

We would also like to take this opportunity to thank the local host cities, their excellent professional staff and their volunteers for their efforts in making this ASA National Championship an outstanding softball event. We truly could not provide the caliber of Championships we do without the support of those dedicated to the sport of softball. The ASA and their partner cities strive to host outstanding softball tournaments and crown National Champions in Fast Pitch, Slow Pitch, 16" Slow Pitch and Modified Pitch. Men, women, boys and girls, from ages 8 to 80, compete in over 100 National Championship annually.

Let it not go unnoticed that the umpires working this tournament, like the teams, have advanced to this event based on their accomplishments on the field and for that they are to be congratulated.

Again, congratulations on your team's success this year and thanks to the cities and the local organizing committees for their efforts in furthering the history and tradition of the ASA National Championships.

Sincerely,

D. Stephen Monson
ASA President

Ron Radigonda
Executive Director
